

Job Title: STEM Education Provider

Location: On-Site at Providers in Fox Valley Area

Contract Type: Part Time Contract Position

About Us:

At SciTech, we're redefining how STEM education reaches young minds. We're not confined to classrooms; we bring the excitement of Science, Technology, Engineering, and Mathematics directly to the heart of Fox Valley communities. Our mobile STEM education program is dedicated to providing dynamic, hands-on learning experiences for K-6 students at libraries, park districts, community centers and other community partners.

We believe that learning should be an adventure, and that's why we've crafted a curriculum that sparks curiosity, encourages critical thinking, and nurtures a lifelong love for STEM. Our team of passionate educators and experts are committed to making these subjects not just accessible, but downright fun!

Job Description:

As a STEM Education Provider, you will play a crucial role in delivering high-quality STEM (Science, Technology, Engineering, and Mathematics) education to children in Kindergarten through 6th grade. You will use our engaging inquiry-based curriculum that encourages a hands-on approach to STEM concepts.

Key Responsibilities:

Instruction and Facilitation:

- Deliver STEM education sessions in an engaging and interactive manner.
- Provide clear explanations of complex concepts and offer hands-on activities to reinforce learning.

Technology Integration:

- Utilize a variety of technological tools and resources to enhance the learning experience.
- Stay updated with the latest advancements in STEM-related technology.

Adaptability and Flexibility:

- Adjust teaching strategies and content delivery based on the learning styles and abilities of individual students.
- Be flexible in accommodating diverse educational backgrounds and skill levels.

Collaboration and Communication:

- Work closely with other STEM educators and support staff to ensure a cohesive and effective educational program.
- Communicate effectively with staff, board and stakeholders to provide progress updates and address concerns.

Professional Development:

- Stay up-to-date with current trends, research, and best practices in STEM education.
- Participate in workshops, conferences, and training sessions to enhance your own knowledge and skills.

Qualifications:

- Bachelor's degree in a STEM-related or education field (e.g., Science, Technology, Engineering, Mathematics).
- Previous experience in teaching or facilitating STEM education is preferred.
- Strong communication and interpersonal skills.
- Technologically adept with proficiency in relevant software and tools.
- Ability to lift and transport educational materials up to 30 pounds.
- Applicants must be authorized to work for ANY employer in the U.S. We are unable to sponsor or take over sponsorship of an employment Visa at this time.

Benefits:

- Flexible hours
- Great work/life balance
- Professional development opportunities.

How to Apply:

- Email resume to Amanda Mistretta at education.scitech@gmail.com
